ACCELERATED DEATH BENEFIT RIDER FOR TERMINAL ILLNESS

NOTICE: Receipt of an Accelerated Benefit may be a taxable event. You should consult a tax advisor regarding the tax status of any benefit paid to You under this Rider.

Receipt of Accelerated Benefits may affect Your eligibility for Medicaid, supplemental security income, or other government benefits or entitlements.

The death benefit and any accumulation values and cash values will be reduced if an accelerated death benefit is paid.

This Rider is attached to and made a part of Your Base Policy. Except as provided in this Rider, all other terms, provisions, and conditions of Your Base Policy remain the same. No additional Premium is required for this Rider.

Capitalized terms not defined in this Rider have the meaning given in the Base Policy to which this Rider is attached.

Election of an Accelerated Benefit may only be beneficial if the Qualifying Event results in significant deterioration of the Rider Insured's life expectancy.

Upon acceleration, You will not receive the full Accelerated Benefit requested, but rather a reduced amount defined below as the Accelerated Benefit Payment.

DEFINITIONS

Base Policy. The Policy to which this Rider is attached.

Rider Insured. The Insured under the Base Policy or any Insured under a Covered Rider. Benefits may be payable under this Rider if a Rider Insured experiences a Terminal Illness.

Base Policy Insured. The person named as the Insured in the Base Policy.

Covered Rider. Any Rider attached to the Base Policy providing permanent or term life insurance coverage, as shown in the Accelerated Death Benefit Rider Data Section.

Eligible Death Benefit. The total amount of the Death Benefit available for acceleration under the Base Policy and any Covered Riders attributable to a Rider Insured who has experienced a Terminal Illness, subject to the maximum shown in the Accelerated Death Benefit Rider Data Section. All eligible coverages shown in the Accelerated Death Benefit Rider Data Section will be accelerated.

Full Acceleration. An Accelerated Benefit requested that equals the total Eligible Death Benefit under the Base Policy and any Covered Riders. A Full Acceleration may not be available if Your total Death Benefit exceeds the maximum amount available for acceleration, as shown in the Accelerated Death Benefit Rider Data Section.

Partial Acceleration. An Accelerated Benefit requested that is less than a Full Acceleration. A Partial Acceleration may not be available if it will reduce the Death Benefit to an amount below Our minimum death benefit requirements.

Terminal Illness. An illness or chronic condition that is reasonably expected to result in the death of the Rider Insured within 24 months or less.

Physician. A doctor of medicine or osteopathy, practicing within the scope of their license, issued by the jurisdiction in the United States of America in which the services are rendered. The Physician cannot be the Owner, the Rider Insured, or a member of the Owner or Rider Insured's immediate family. Immediate family includes parents, step-parents, grandparents, spouse, domestic partner, children (natural, adopted, or step), siblings, grandchildren or in-laws.

BENEFITS

Accelerated Benefit - The portion of the Eligible Death Benefit that You elect for acceleration. Subject to the terms of this Rider, We will pay You an Accelerated Benefit during the lifetime of a Rider Insured, upon proof that the Rider Insured has experienced a Terminal Illness, as defined above. The Accelerated Benefit will be paid in lieu of all or a portion of the Eligible Death Benefit.

No Accelerated Benefit will be paid for any Terminal Illness that results from any self-inflicted injury or attempted suicide.

Accelerated Benefit Payment - The Accelerated Benefit Payment will be equal to the Accelerated Benefit requested less the following deductions:

- a. the actuarial discount, as determined by Us;
- b. an administrative charge not to exceed \$500; and,
- c. a pro rata portion of any policy debt, if the qualifying Rider Insured is also the Base Policy Insured.

The Accelerated Benefit Payment for the Base Policy Insured will never be less than the cash surrender value of the Base Policy, if any.

The actuarial discount is determined by the following factors:

- a. the portion of the Eligible Death Benefit accelerated;
- b. the cash surrender value of the Base Policy;
- c. any future premiums required to be paid to keep the Eligible Death Benefit in force;
- d. any future anticipated dividends for the Base Policy;
- e. the Accelerated Benefit Interest Rate in effect; and,
- f. Our determination of the future expected mortality of the qualifying Rider Insured.

The Accelerated Benefit Payment will be calculated as a lump sum. You may choose to receive the Accelerated Benefit Payment in a lump sum or a series of periodic payments. If You elect periodic payments, You may apply the Accelerated Benefit Payment to any non-life contingent Settlement Option pursuant to the Settlement Options provision of the Base Policy. If you elected a series of periodic payments and this Rider terminates, We will continue the periodic payments until You receive the total amount accelerated.

The Accelerated Benefit Payment will be paid to You or Your estate while the Rider Insured is living, unless otherwise designated by You.

If the Rider Insured dies after the periodic payments begin, the remaining payments will be paid pursuant to the Beneficiary provision of the Base Policy, unless otherwise designated by You.

Accelerated Benefit Interest Rate - An interest rate We declare, not to exceed the greater of:

- a. the yield on 90-day Treasury Bills on the Election Date; or,
- b. the current maximum adjustable policy loan interest rate allowed by law.

PROCESS FOR ACCELERATING BENEFITS

You may request either a Partial Acceleration or a Full Acceleration of the Eligible Death Benefit. You may make multiple requests for Partial Accelerations over the lifetime of this Rider. The coverages You may accelerate are shown in the Accelerated Death Benefit Rider Data Section.

Reporting - You must provide Us written proof, satisfactory to Us, that a Rider Insured has a Terminal Illness. Written proof should include:

- a. a certification from a Physician that the Rider Insured has a Terminal Illness; and,
- b. complete records of the Rider Insured's medical history, diagnoses, and treatments.

We reserve the right to require a second opinion or examination of the Rider Insured by a Physician of Our choice, to determine eligibility for acceleration. If a difference of opinion occurs between the Rider Insured's Physician and Ours, a third opinion, agreeable to both the Owner and Us will be obtained and will be the basis for approving or disapproving the request. The cost of any second or third opinion or examination will be at Our expense.

Offer - If We determine benefits are payable under this Rider, We will make You an Offer of an Accelerated Benefit Payment. Prior to or at the time of election, the Owner and Irrevocable Beneficiary will be provided with an Election Form, demonstrating the impact the acceleration of the death benefit will have on the cash value, death benefit, and policy loans of the Base Policy or Covered Rider. All expenses and interest charges associated with accelerating the death benefit will be shown. Upon acceleration, a schedule page will be provided that shows any premium or COI charges necessary to continue coverage following the acceleration. The Accelerated Benefit Election Form must be completed and returned to Us within 15 days of receipt. Receipt of Accelerated Benefits may affect Your eligibility for Medicaid, supplemental security income, or other government benefits or entitlements and may have income tax consequences.

Election - Following the receipt of Our Offer, You may elect to receive the Accelerated Benefit Payment. You must provide Us with written consent from any Assignee or Irrevocable Beneficiary. We may require that You return Your Base Policy with Your Accelerated Benefit Election Form to Our Administrative Office.

If the Rider Insured dies after reporting a Terminal Illness, but before You receive the Accelerated Benefit Payment, then We will rescind the Offer and pay the Death Benefit pursuant to the Base Policy and/or Covered Rider(s).

Election date - The Election Date is the date You sign the Accelerated Benefit Election Form.

EFFECT ON THE POLICY

Full Acceleration. Upon Full Acceleration, the Accelerated Benefit Payment will be paid to You in lieu of the Death Benefit. The Base Policy and/or any Covered Rider(s) contributing to the Eligible Death Benefit will terminate upon the Election Date.

The Accelerated Benefit Payment for the Base Policy Insured will first pay all debt on the Base Policy.

If a Full Acceleration is elected for the Base Policy Insured, any Rider attached to the Base Policy will be treated as if the Base Policy Insured has died. Acceleration of a Covered Rider will be treated as though the Rider Insured has died for the purpose of determining the impact of the acceleration of the Base Policy.

If Your Death Benefit is in excess of the maximum amount You may accelerate over the life of the policy, You may only partially accelerate the Base Policy.

Partial Acceleration. Under Partial Acceleration, the Accelerated Benefit will be paid in lieu of a portion of any future Death Benefit payable under the Base Policy and/or Covered Riders. There will be a pro rata reduction in the Death Benefit, cash surrender value, accumulation value, and/or paid-up additions. Each will be reduced by the percentage of the Eligible Death Benefit accelerated. Future Premium payments and charges under the Base Policy and/or Covered Riders will be reduced as if the Base Policy and/or Covered Riders were originally issued at the reduced amount.

The Accelerated Benefit Payment will first pay a pro rata portion of any policy debt. The policy debt will be reduced by the percentage of the Eligible Death Benefit accelerated.

The portion of life insurance coverage that remains after Partial Acceleration must be an amount that meets Our minimum coverage amount requirements for the Base Policy and/or any Covered Rider.

GENERAL TERMS

Termination - This Rider will terminate at the earliest of:

- a. the date when the Base Policy to which this Rider is attached terminates;
- b. the date the Base Policy becomes extended term insurance coverage under any default benefit or nonforfeiture option;
- c. the date You accelerate the full Eligible Death Benefit; or
- d. the date We receive the Owner's written request to terminate this Rider.

Reinstatement - This Rider may be reinstated pursuant to the Reinstatement provision in the Base Policy to which this Rider is attached.

Incontestability - This Rider is contestable on the same basis as the Base Policy to which it is attached.

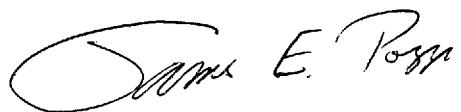

Legal Requirements - If the Owner is required by law to elect Accelerated Benefits to meet the claims of creditors, whether in bankruptcy or otherwise, Accelerated Benefits will not be available.

If the Owner is required by a government agency to elect Accelerated Benefits to apply for, obtain, or keep a government benefit or entitlement, Accelerated Benefits will not be available.

Signed at Our Home Office at Galveston, TX on the Issue Date.
